Dear Mr. Delaney:

SNM Licenses 273 and 723

On March 10th of this year I initiated a phone inquiry about the status of the revision of the subject licenses, which was submitted to Mr. Robert J. Dube on August 16, 1976. I initiated the inquiry by contacting Harry Bartz, who suggested I contact Bill Crow. Mr. Crow apparently turned the question over to you, since you called me back, indicating that the revision had fallen between the cracks and that you would get going on it. I would appreciate being brought up to date on the current status of the revision.

Very truly yours,

C. C. Thomas, Jr.
