NRC Correspondence - Docket 50-334
Addressee Mailing Address Change

Gentlemen:

This is a request for a change in my mailing address due to my relocation from the Beaver Valley Power Station to departmental headquarters in Pittsburgh. My job title, functions and responsibilities have not changed, however. All correspondence, including Bulletins, Circulars, Information Notices, Inspection Reports, etc. should continue to be forwarded to me, but at my new address. I have enclosed a copy of a typical NRC mailing label as information.
