Gentlemen:

Your Quality Assurance Program Approval for Radioactive  
Material Packages No. 0197 expires on January 31, 1990.

If you are an NRC licensee and conduct activities under the  
General Licenses of Subpart C of 10 CFR Part 71, or if you  
are an Agreement State licensee subject to the requirements  
of 10 CFR Part 71, you are required by 10 CFR Part 150.20  
to hold a quality assurance (QA) program approved by the  
Commission as satisfying the provisions of Subpart H of 10 CFR  
Part 71. You should request renewal of your quality assurance  
program at least 30 days prior to the expiration date. This  
will provide for continuation of your QA program to satisfy  
part of the provisions of Subpart C of 10 CFR Part 71 until a  
final determination has been taken on your application.

Unless an exemption is provided by 10 CFR 170.11, an appli-  
cation fee of \$150.00, as required by 10 CFR Part 170.31,  
should be included with your request for renewal. This notice  
of expiration should not be construed that such notice will be  
provided in the future. If you do not desire to renew your QA  
program, please let me know.

Sincerely,  
Original Signed by
