U.S. NUCLEAR REGULATORY COMMISSION  
Washington, D.C. 20555

Attention: Bob Pettis

Subject: Strut/Stubber Swing Angles  
Part 21 Closeout Report

Dear Mr. Pettis:

This is to advise you that NPSI's responsibilities as part of our December 15, 1988 10CFR-21 Report to the Region IV Office are now complete and it is our intent to close this matter unless directed otherwise by you.

If you require additional action or information please let me know.

Very Truly Yours,  
NPS Industries, Inc.

Terry J. O'Connell  
Manager of Quality Assurance
