Dear Sir:

Enclosed is our certificate of disposition of the last nuclear material possessed by Muskogee Inspection Company (MICO). Also included with this letter is a copy of a previous certificate of disposition that was sent to your office on January 7, 1988.

As indicated on the latest certificate of disposition, MICO has now transferred possession of all nuclear materials procured under our license. Our license, number 35-21119-01, has not yet expired; however, since we do not intend to possess nuclear material in the future, we ask that you terminate our license at this time.

Yours truly,

James F. Winston
