RE: Request for Termination of License Number 35-26805-01

Dear Sir:

Subject level device has been transferred to license #35-07402-11 Amendment #5 as per conversation between Mr. C.L. Cain of NRC Region IV office and Mr. Bill Williams, Conoco, Inc., Ponca City, Oklahoma. Authorization is per paragraph B of said license.

For the aforementioned reason, we request termination of license #35-26805-01. Copies of both licenses have been attached for your reference.

If there are any questions, please advice.

Amendment No. 01

Docket No. 030-28974

Licensee: Vinson Supply Company

Certification of Application Review for a Part 30, 40, and 70 License

I certify that I have reviewed the letter dated October 6, 1988. as supplemented by any letters referenced in the license in accordance with guidance provided by the Office of Nuclear Materials Safety and Safeguards applicable Standard Review Plan and associated checklist and have concluded that:

X A.	If the license is being terminated, I have received adequate
	documentation to demonstrate that all radioactive materials and
	contamination possessed under this license has been properly removed
	and the licensee's facilities are suitable for unrestricted use, or
	that the radioactive material is covered by another valid license.
