License SNM 368

Dear Mr. Kasun,

Enclosed please find page changes to the UNC Naval Products Fundamental Nuclear Material Control Plan. These changes were made under 10CFR70.32c since there was no decrease in plan effectiveness and are being provided as required within two months of the change. These changes were reviewed with Mr. Ray Jackson of your staff during Inspection 89-204, the week of September 11, 1989.

This submittal is considered to contain information regarding our control and accounting procedures for safeguarding SNM and, as specified in 10CFR2.790(d), is not to be placed in the public document room.

Please contact me should you have comments or questions concerning these changes.

Sincerely,

T. J. Collopy
