COMMENTS

NRC staff is satisfied with the revised VPMIM Directive #E5 attached to your letter dated 10/4/89. Any DOE correspondence directed to NRC should indicate other NRC offices in the cc: designation list. NMSS transmits copies to URFO, and vice versa, because neither NRC office can be sure that the correspondence has been transmitted by DOE to the other. DOE correspondence uses multiple addressees for the same letter, without identifying the other addressees.

Dear Mr. Matthews:

In response to your October 4, 1989 letter transmitting revised VPMIM Directive E5, I concur with the changes and commitments therein. I have a further suggestion that you place me or Ramon Hall (URFO) on the cc: designation list, when the other is the primary addressee. This would help us avoid unnecessary redistribution within the agency.

If you have any questions regarding this transmittal, please call me or Giorgio Gnugnoli at FTS 492-0578.

Sincerely,

Paul H. Lofaus, Chief
