

AFFIDAVIT OF BETTY BRINK

STATE OF TEXAS §
 §
COUNTY OF TARRANT §

BEFORE ME, the undersigned Notary Public, on this day personally appeared Betty Brink who, being by me duly sworn, on her oath deposed and said as follows:

"My name is Betty Brink. I am over the age of eighteen years and I am competent to make this affidavit.

"I am a duly authorized representative of Citizens for Fair Utility Regulation. I reside at 7600 Anglin Drive, Fort Worth, Texas 76119. The foregoing petition was prepared under my supervision and direction and, to the best of my knowledge and belief, it and the facts contained therein are true and correct. My family and I use the area within fifty miles of the plant for many recreational activities including canoeing in the Brazos River. The area within five miles of the plant is a favorite camping site for my family and we use it during the summer for hiking and fishing. I frequently visit the restored town of Granbury, a local tourist attraction, that is within twelve miles of the plant. I eat the food produced within fifty miles of the plant. I live on and own property that has been in the family for fifty-seven years. I am concerned that operation of the plant will cause loss of health to myself and my family and that

safety problems at the plant will jeopardize my life and my property."
