Dear Mr. Sreniawski:

In response to your letter dated September 22, 1989, relating to our specific license #13-07964-08; the following action has been taken to address your concerns.

Application for an amendment to the license noted above has been submitted to the materials licensing section. The amendment will reflect the change in responsibilities as it relates to our Radiation Safety Program.

Questions concerning our license amendment should be referred to G. Bradley at (219) 888-5387.

Sincerely,

  
D. L. Peterson
