Dear Judge Bechhoefer:

This letter is to inform you that the Coalition for the Environment is withdrawing its petition to serve as a party to the proceeding concerning the proposed amendment to Combustion Engineering's license to operate new pellet production lines at its uranium fuel fabrication plant in Mematite, Jefferson County, Missouri.

We believe that the Coalition for the Environment's interest will be adequately represented by the existing parties—namely, Senator Jeremiah (Jay) Nixon, Martha Dodson, and Karen Sisk.

Sincerely,

Arlene Sardler  
Past President, current Board Member  
Board of Directors, St. Louis Chapter  
Coalition for the Environment
