Gentleman:

SUBJECT: INQUIRY NO. 89-001

This letter refers to a telephone inquiry between Maureen Leahy of your staff and Steven Courtemanche of this office conducted on October 3, 1989 concerning activities authorized by License No. 20-19090-02 as they relate to the pending sale of part of your company.

From this discussion, it is our understanding that you intend to sell a division of your company. Cambridge Analytical Associates, Inc. shall continue to exist and use licensed materials at the above address. The portion of the company that is sold will also use licensed materials and will apply for a license under the new company's name. Materials have been sent to Maureen Leahy under separate header for this purpose. It is also our understanding that you may be vacating your present place of use in the near future. Please be advised that if you want to release the area for unrestricted use a survey must be performed to show that there is no contamination of the facility. This survey and a request for the release of the facility for unrestricted use must be reviewed by us prior to the release of the building. A confirmatory survey may be required. The document "Guidelines for Decontamination of Facilities" is enclosed for your use. If our understandings are incorrect, please inform us in writing.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter will be placed in the Public Document Room. Should you have any questions concerning this inquiry, we will be pleased to discuss them with you.

Your cooperation with us is appreciated.
