Docket Nos. 030-05980, 05981, 05982, 08335  
and 08444 (EA 89-29), issued August 21, 1989

Dear Mr. Lieberman:

This letter is a Second Request by Safety Light Corporation ("Safety Light") for an extension of time in which to submit the Trust Agreement and the Work Plan.

Safety Light is unable to meet the filing date for the Trust Agreement of Monday, October 23, 1989. The Trustee will not return to the United States until that week and at the time will then sign the Agreement and the related bank documents. The undersigned anticipates filing the Trust Agreement no later than October 27, 1989.

Safety Light was recently advised by ITC who will prepare the Work Plan that it will require an additional two weeks or until November 16, 1989 to prepare the Work Plan. Although Safety Light has executed an agreement with ITC to do the Work Plan, ITC is reluctant to start this assignment until the trust has been established. As previously stated, Safety Light anticipates that the trust will be established by the end of next week and ITC will then commence its Work Plan.

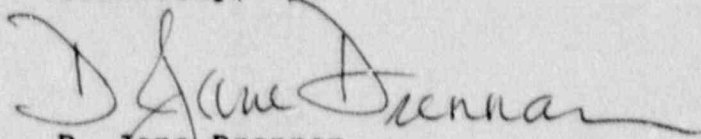

Wherefore, Safety Light proposes to submit the Trust Agreement on or before October 27, 1989 and the Work Plan on November 16. If this letter is deficient in any manner to
