SUBJECT: Reply to a Notice of Violation

Gentlemen,

As to the violation dated June 12, 1989, we admit to all violations A, B, C and D. Reason for these violations were due to poor communication between the Station Manager at Bradford Pennsylvania and the Management of Young Wireline Service, Inc. We assumed that the Bradford station was in full compliance with the NRC requirements. We the management know that there is no excuse for most of these violations. Steps are being taken at present to get Bradford station in full compliance by November 15, 1989.

Again, we the management of Young Wireline Service, Inc. know there is no excuse for what has happened.

Respectfully Yours,

Fred Young  
President/RSO
