POOR ORIGINAL

MEMORANDUM FOR: D. J. Skovholt
 Assistant Director
 Division of Quality Assurance & Operations

FROM: L. P. Crocker
 Technical Assistant to the Director
 Division of Project Management

SUBJECT: ITEM FOR ACRS CONSIDERATION AT A FUTURE "CATS AND
 DOGS" SESSION

50-346

During the January ACRS meeting, in connection with the Committee review of the Davis-Besse 1 application, the Committee asked how the staff feels about card-key systems for access control to security areas. We had no one present from the staff who was really qualified to speak about the subject, so we passed the question. The Committee asked that at one of the future "cats and Dogs" sessions we provide them with a brief run-down on the operation of such systems and the staff's feeling as to their value.

I would appreciate it if you could arrange to have someone address this matter during the April meeting if possible. Only a short presentation of perhaps five or ten minutes is necessary.

D. J. Skovholt
 Assistant Director

L.P. Crocker
 Technical Assistant to the Director
