ROUND ONE QUESTIONS - DAVIS BESSE FSAR REVIEW

Plant Name: Davis Besse
 Licensing Stage: PCF
 Docket Number: 50-346
 Responsible Branch: PWR-4
 Project Manager: I. Peltier
 Date Request Received by RA-L: N/A
 Requested Completion Date: July 6, 1973
 Description of response: Transmittal of Q₁ Questions to Davis Besse
 Review Status: Complete

Enclosed are round one questions that were generated as a result of our review of sections 11.6, 12.1, 12.2, and 12.3 of the Davis Besse FSAR and a site visit on June 19, 1973. These questions are for the most part similar to the draft Q₁ questions submitted in early May, 1973 with some minor revisions made based on the site visit.

This review was performed by S. Block, RA-L.
