Docket No. 50-346

Gentlemen:

Thank you for your letter dated July 28, 1972, in response to our letter dated June 29, 1972, informing us of your plans to assure that valves important to nuclear safety do not have wall thicknesses below the minimum requirements specified by the applicable codes, standards, and procurement specifications. We have reviewed the plans outlined in your letter and we have no further questions at this time. We will examine the implementation of your plans relative to this matter during future inspections of your activities.

Your cooperation with us is appreciated.

Sincerely yours,

Boyce H. Grier
Regional Director
