Docket No. 50-346

Toledo Edison Company
ATTN: Mr. James S. Grant
Vice President - Energy
Supply
Edison Plaza
300 Madison Avenue
Toledo, OH 43652

Gentlemen:

Thank you for your letter dated February 21, 1978, Serial No. 1-13, informing us of the steps you have taken to correct the items of noncompliance which we brought to your attention in Inspection Report No. 78-01 forwarded by our letter dated January 27, 1978.

Based upon a telephone conversation with Mr. W. Green on March 6, 1978, we understand that you have also addressed our concern about the logging of pressurizer relief valves actuation that occur at different temperature range limitations (Paragraph 3 of the inspection report). This concern was not directly addressed in your response.

Your cooperation with us is appreciated. We will examine the above matters during a subsequent inspection.

Sincerely,

Gaston Fiorelli, Chief
Reactor Operations and
Nuclear Support Branch
