Dear Dr. Weinberg:

I am writing to thank you for permitting Dr. Daniel Nelson to participate as a witness for the AEC's regulatory staff in the hearing before the AEC's atomic safety and licensing board considering the application for a construction permit for the Jarvis-Besse Nuclear Power Station by The Toledo Edison Company and The Cleveland Electric Illuminating Company that was held the week of February 8, 1971, in Port Clinton, Ohio.

The assistance provided by Dr. Nelson was very helpful to the AEC regulatory staff in this proceeding.

Again, may I express my appreciation for your cooperation in this matter.

Sincerely,

(signed) Harold L. Price
