To: Whom It May Concern:

This is written regarding the upcoming public hearing on environmental matters related to construction of the Davis-Besse Nuclear Power Station.

I am an interested member of the public who, although I do not desire to formally participate in said hearing, would like to attend and ask any relevant questions I have that are not answered for me by my listening to the proceedings.

If I need any kind of formal permission to attend and ask questions, please advise me. I would be very much obliged for your assistance in this matter.
