March 28, 1975

Mr. William A. Anders
Chairman, U. S. Nuclear
Regulatory Commission
Washington, D. C. 20555

Dear Mr. Anders:

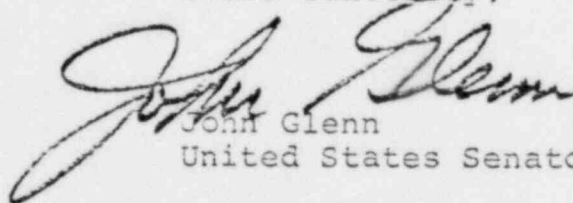

At my request WKYC-TV, which recently produced a special program regarding nuclear safety entitled "The Cleveland Connection", has furnished me with the enclosed summary of that program. I would appreciate receiving your evaluation of the allegations made in the summary with respect to the conduct of the parties involved and the activities of your agency. Also, I would appreciate your views on whether these alleged deficiencies could be symptomatic of more serious problems presently existing in nuclear power plants.

In addition to the enclosed summary, WKYC-TV furnished a videotape of the program. I will be glad to forward the tape if you desire.

Since there is considerable interest in this matter I would appreciate your early reply.

With best regards.

Yours sincerely,

John Glenn
United States Senator
