Dear Mrs. Bleicher:

This letter is in acknowledgement of your letter to Harold L. Price dated January 18, 1971, regarding the Toledo Edison Company and the Cleveland Electric Illuminating Company's request for an exemption request amendment to permit additional below grade construction of the Davis-Besse plant prior to issuance of a construction permit.

Since this matter was subsequently discussed on the record of the hearing, we believe no further comment is needed at this time.

Sincerely,

Peter A. Morris, Director
 Division of Reactor Licensing
