Mr. John Deitz  
Building Manager - Room 227  
Anthony J. Celebrezze Building  
1240 East 9th Street  
Cleveland, Ohio 44199

Dear Mr. Deitz:

This letter will confirm our telephone conversation on June 22, 1973 which concerned the reservation of meeting rooms.

The Atomic Energy Commission requests that Rooms B-1 and 2069 be reserved on July 23 through 27, 1973 for use in the public hearing of Toledo Edison Company's proposed Davis Besse nuclear generating station. It is my understanding that the initial session will be held in Room B-1 and continue in that room until July 26 when it will be transferred to Room 2069 for the remaining two days.

Attached for your assistance is a rough sketch of the proposed seating arrangements. This diagram is meant only for general guidance.

Thank you for your kind assistance. If any questions should arise, please call on FTS - area code 301/973-5896.

Sincerely,

J. R. Newbeiser
