Arkansas Power and Light Company
ATTN: Mr. William Cavanaugh III
Executive Director of Generation
and Construction
Post Office Box 551
Little Rock, Arkansas 72203

Gentlemen:

This refers to the inspection conducted by Mr. A. B. Rosenberg and other members of our staff during the period April 25-26, 1978, of activities authorized by NRC Operating License No. DPR-51 and NRC Construction Permit No. CPPR-89 for the Arkansas Nuclear One, Unit 1 and 2, and to the discussion of the findings by the inspectors with members of your staff at the conclusion of the inspection.

Areas examined during this inspection included: (1) follow up on previously identified unresolved items; (2) follow up on Construction Deficiency Reports; (3) follow up on the Unit No. 2 CILRT Report; (4) follow up on Unit No. 2 commitments to NRR; and (5) review of Unit No. 1 decay heat piping modifications. Within these areas, the inspection consisted of selective examination of procedures and representative records, interviews with personnel, and observations by the inspectors.

Within the scope of the inspection, no items of noncompliance or deviations were identified.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC's Public Document Room. If the report contains any information that you believe to be proprietary, it is necessary that you submit a written application to this office within 20 days of the date of this letter, requesting that such information be withheld from public disclosure. The application must include a full statement of the reasons why it is claimed that the information is proprietary. The application should be prepared so that

any proprietary information identified is contained in an enclosure to the application, since the application without the enclosure will also be placed in the Public Document Room. If we do not hear from you in this regard within the specified period, the report will be placed in the Public Document Room.

Should you have any questions concerning this inspection, we will be pleased to discuss them with you.

Sincerely,

R. E. Hall, Acting Chief
Reactor Operations and Nuclear
Support Branch
