Senior Vice President
Sixth and Pine Streets
Pine Bluff, Arkansas 71601

Docket No. 50-313

Gentlemen:

This refers to the inspection conducted by Mr. M. W. Dickerson of this office on August 10-13, 1976, of activities authorized by NRC Operating License No. DPR-51 for the Arkansas Nuclear One, Unit 1 facility, and to the discussion of our findings held with Mr. J. W. Anderson and other members of your staff at the conclusion of the inspection.

Areas examined during the inspection and our findings are discussed in the enclosed inspection report. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspector.

Within the scope of this inspection, no items of noncompliance were noted. However, one infraction identified through your internal programs, which was reported in a timely manner and for which corrective action has been completed, is discussed in section I of the enclosed report. No additional information is required for this item at this time.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC's Public Document Room. If this report contains any information that you or your contractors believe to be proprietary, it is necessary that you make a written application within 20 days to this office to withhold such information from public disclosure. Any such application must include a full statement of the reasons why it is claimed that the information is proprietary. The application should be prepared so that proprietary information identified in this application is contained in a separate part of the document. If we do not hear from you in this regard within the specified period, the report will be placed in the Public Document Room.

August 19, 1976

Should you have any questions concerning this inspection, we will be pleased to discuss them with you.

Sincerely,

G. L. Madsen
G. L. Madsen, Chief,
Reactor Operations and
Nuclear Support Branch
