Gentlemen:

In regards to your letter of June 13, 1978, outlining concerns by Arkansas Power & Light Company in implementing the requirements of 10 CFR 73.55 and a request for an extension of the implementation date of January 24, 1979, recent actions by the Commission have made your request unnecessary.

On July 5, 1978, the Commission approved a change to 10 CFR 73.55 extending the implementation date from August 24, 1978 to that of February 23, 1979. The Federal Register announcement will be published shortly.

Should there be any further problems affecting the implementation of 10 CFR 73.55 requirements at Arkansas Nuclear One by this date, please advise us at the earliest possible date.

Sincerely,

John F. Stolz, Chief
