Subject: Zevacor bond return re NRC License No. 45-25221-05

Dear Mr. Troha:

I am preparing to return Zevacor's surety bond associated with the above-referenced radioactive materials license, concurrent with the NRC's acceptance of Sofie's surety bond. We plan to return the bond on or before January 31, 2020. Are you the individual to whom the returned bond should be addressed? Or is it another individual? If you could arrange for Zevacor to provide a signed and dated letter, naming the individual to whom the bond should be returned, it is appreciated. Submission of this information as a pdf file attached to an email or via facsimile will allow for the quickest processing. Please call or email me with any questions you may have, or if you are unable to respond by the date suggested above. Thank you in advance for your assistance.

Sincerely,

Sara A. Forster, Health Physicist Licensing Reviewer
