Good Luck

On July 11, 1978, Mr. P. Albrecht of our Office of Nuclear Regulatory Research visited your office for the purpose of identifying certain documents concerning the quantity, materials and inspection inspection records of the Argonne Nuclear Gas Salt. I could not Mr. L. Grant of your office informed me that he has been able to obtain copies of the documentation for use in a study concerning the integrity of cold legs in pressurized water reactors. He requests that you send the copies of the identified documentation to Mr. P. Albrecht, Office of Nuclear Regulatory Research. Our Office of Nuclear Regulatory Research will use the information along with similar information from other plants to evaluate the likelihood of maintaining cold leg height.

Sincerely,

Robert M. Reid, Chief  
Operating Reactors Branch #2  
Division of Operating Reactors
