Docket No. 50-313

Mr. William M. White, Chief
Division of River Basin Studies
Bureau of Sport Fisheries and Wildlife
U. S. Department of the Interior
Washington, D. C. 20240

Dear Mr. White:

Five copies of Arkansas Power & Light Company's letter dated September 17, 1969 with attachments are enclosed for your use. This letter, relating to the proposed nuclear power plant now designated as Arkansas Nuclear One, concerns the preoperational environmental surveillance program for radiological monitoring of the environment at the site in Pope County, Arkansas.

Sincerely yours,

Roger S. Boyd, Assistant Director
for Reactor Projects
Division of Reactor Licensing
