THIS DOCUMENT CONTAINS
POOR QUALITY PAGES

Gentlemen:

This refers to the inspection conducted by Mr. R. E. Shewmaker of the Headquarters office of Inspection and Enforcement on June 29, 1977, of activities at the Midland Power Plant construction site authorized by NRC Construction Permits No. CPPR-81 and No. CPPR-82, and to the discussion of our findings with Mr. Horn and others of your staff at the conclusion of the inspection. In addition, this refers to the meeting conducted by Mr. Shewmaker and myself at the Bechtel Corporate offices in Ann Arbor, Michigan on June 30, 1977, which was attended by Mr. Bird and others of your staff and your contractors

The enclosed copy of our inspection report identifies areas examined during the inspection. Within these areas, the inspection consisted of a selective examination of procedures and representative records, observations, and interviews with personnel.

No items of noncompliance with NRC requirements were identified during the course of this inspection.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter, the enclosures, and your response to this letter will be placed in the NRC's Public Document Room, except as follows. If the enclosures contain information that you or your contractors believe to be proprietary, you must apply in writing to this office, within twenty days of your receipt of this letter, to withhold such information from public disclosure. The application must include a full statement of the reasons for which the information is considered proprietary, and should be prepared so that proprietary information identified in the application is contained in an enclosure to the application.
