Gentlemen:

This refers to your letter dated June 26, 1980, concerning shutdown and scrap processing.

Your request has been classified by the Licensing staff as requiring a minor amendment to License SHM-368. Therefore, a minor amendment fee of \$3,500 is required, as specified in fee Category 1A of Section 170.31 of Part 170, copy enclosed. Payment should be made to the U.S. Nuclear Regulatory Commission and mailed to my attention.

Please note Footnotes 1(d) and 4 of Section 170.31, which provide that upon completion of the licensing review, the Commission will review its expenditures for professional manpower and appropriate support services, recompute the amendment fee, and, if necessary, refund any overcharges.

If you have any questions, please contact us.

Sincerely,
