Mr. Charles Eberle
Nuclear Control Operator
Shippingport Atomic Power Station
Beaver, Pennsylvania 15009

Dear Mr. Eberle:

Your union steward, Mr. John Summers, sent me a copy of your essay on "Excellence in Operations." I find it to be very thoughtful and pertinent. I agree with what you say and am impressed by your attitude toward work on nuclear power. I hope that the views you express will become universal in the industry.

Sincerely,

Harold R. Denton, Director
Office of Nuclear Reactor
Regulation
