Subject: Request for Amendment - XSNM 1565

EXPORT/IMPORT  
AND  
INTERNATIONAL SERVICES

Dear Ms. Wright,

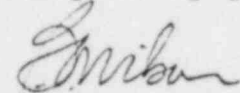

NRC License No. XSNM 1565, issued January 14, 1980 authorizes exports of fuel test segments to Studsvik, Sweden. It has come to our attention that the name of the ultimate consignee has been changed and the change was not reflected in our application for XSNM 1565.

Accordingly, General Electric requests an amendment of the license to correct the discrepancy. The consignee's correct name and address is:

Studsvik Energiteknik AB  
S-61182 Nykoping, Sweden

No great urgency is associated with this request.

Very truly yours,

B. D. Wilson, Manager  
Governmental Relations  
& Export Licensing
