RE: FOIA 80-A-7 (Appeal From an Initial FOIA Decision)

Dear Mr. Chilk:

We are in receipt of your letter of June 2, 1980, concerning our request for documents with regard to our petition for review. We hereby appeal the initial determination of the Commission that document one, SECY-A-79-90, ALAB-567 (In The Matter of Radiation Technology, Inc. Byproduct Material License No. 29-13613-02) not be sent to us under the Freedom of Information Act Exemption (5).

We look forward to your immediate response to our request.

Very truly yours,

Martin A. Well, Ph.D.
President

Dr. Martin A. Welt, President
Radiation Technology, Inc.

IN RESPONSE REFER
TO FOIA-80-48

Dear Dr. Welt:

This is in reply to your letter dated January 14, 1980 in which you requested, pursuant to the Freedom of Information Act, copies of all memoranda, summaries of any and all meetings, transcripts of meeting records, or records of telephone conversations that might pertain to the Commission's decision not to review your appeal.

In response to your request, we have identified the documents listed in Appendix A as subject to your request.

Document one is a memorandum from the Office of the General Counsel to the Commission containing an analysis of the Appeal Board decision, the filings of the petitioner and the NRC staff, and legal advice.

Documents two, three and four described as ALAB-567, your petition for review, and the NRC staff response, respectively, are attachments to Document one. These attachments are already in your possession and are a matter of public record.

Documents five through nine are individual vote sheets on which each Commissioner expressed his view on the question of Commission review of the Appeal Board decision on your case.

Document ten is a memorandum from the Secretary of the Commission to the General Counsel stating that the Commission had decided not to review the Appeal Board decision.

Documents one and five through nine are predecisional in character, and their release would adversely affect the ability of the Commission and its legal staff to freely discuss and deliberate the merits of a case prior to a decision. These documents are, therefore, being withheld in their entirety under Exemption (5) of the Freedom of Information Act, 5 U.S.C. 552(b)(5) and 10 CFR 9.5(a)(5) of the Commission's regulations. Document ten is withheld pursuant to these sections because it discloses the recommendation of the General Counsel in this case.

Dupe of 8002280419 (3pp)

Pursuant to 10 CFR 9.15 of the Commission's regulations, it has been determined that the information withheld is exempt from production or disclosure, and that its production or disclosure is contrary to the public interest. The person responsible for the denial of document one is Mr. Leonard Bickwit, Jr., General Counsel and the person responsible for the denial of documents five through ten is Mr. Samuel J. Chilk, Secretary of the Commission.

This denial may be appealed to the Commission within 30 days from the receipt of this letter. Any such appeal must be in writing, addressed to the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, DC 20555, and should clearly state on the envelope and in the letter that it is an "Appeal from an Initial FOIA Decision."

This completes action on your request.

Sincerely,

A handwritten signature in cursive script, appearing to read "J. M. Felton".

J. M. Felton, Director
Division of Rules and Records
Office of Administration
