C. F. Braun & Company

Dear Mr. Pickford:

SUBJECT: REVISION TO BRAUN TOPICAL REPORT-21A

In your letter of July 7, 1980, you state that the organization chart (page 5 of the C. F. Braun & Company's Quality Assurance Topical Report-21A) is the only revision required for Amendment 6. You also indicate that C. F. Braun & Company is now a wholly owned subsidiary of Santa Fe International Corporation but that C. F. Braun & Company will continue to do business under the same name and with the same management and corporate organization as before. You then ask whether the entire topical report should be reprinted and issued.

Based on the information you have provided, we find the new organization chart acceptable. Further, we do not believe it is necessary to reprint and issue the entire topical report. We have taken the liberty of distributing the submitted organization chart to the NRC distribution as a revised page to Amendment 5 and called it Amendment 5(a). We suggest you do likewise.

Sincerely,

A handwritten signature in cursive script that reads "Walter P. Haass".
