Inspection 70-1100/80-04

Gentlemen:

This will acknowledge the June 9, 1980 receipt of your June 4, 1980 letter concerning the subject inspection.

A management review and audit of the Measurement Control Plan has been scheduled to be initiated on or about July 15, 1980. It is anticipated that the final written report prepared by the auditors should be provided to management within the 60 day calendar requirement established by USNRC. Subsequent measurement review and audits will be scheduled during the first half of subsequent calendar years in order that one calendar year interval will not be exceeded.

Replicate data for the Davis Gray (British) analysis for the material balance period ending February 21, 1980 requested in your June 4, 1980 letter is enclosed.

Very truly yours,

A handwritten signature in cursive script, appearing to read 'H. V. Lichtenberger'.
