Washington, DC 20555

Dear Sir:

We have reviewed the Draft Environmental Statement (DES) for the Bison Basin Project of Ogle Petroleum, Inc. which arrived with your letter dated 9 June 1980.

We noted that the Corps of Engineers was not listed on page 6-1 as having received a copy of this DES. On 21 November 1979 we responded to a request to review the Environmental Report (ER) by Ogle Petroleum regarding this project.

We are inclosing a copy of our original letter at it was sent to Mr. Catchpole in California. The project, as described in the DES, has not changed appreciably from the ER and, as we stated in the aforementioned letter, the activity for purposes of Section 404 of the Clean Water Act would be authorized under the Nationwide permit.

If you have any questions please contact this office.

Sincerely,

John E. Velehradsky
JOHN E. VELEHRADSKY
