Power Authority of the State of New York  
James A. FitzPatrick Nuclear Power Plant  
ATTN: Mr. R. J. Pasternak  
Resident Manager  
P. O. Box 41

Gentlemen:

Subject: Inspection 50-333/80-02

This refers to your letter dated May 27, 1980, in response to our letter dated April 23, 1980.

We have noted that the failure to search the outer garments of one non-regular employee on March 13, 1980, though contrary to established practice at the James A. FitzPatrick Nuclear Power Plant, did meet the requirements of the NRR Supplemental Staff Position on Personnel Search Requirements dated September 30, 1977, consequently the item of noncompliance identified in our letter dated April 23, 1980 is hereby withdrawn.

In accordance with Section 2.790(d) of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, documentation of findings of the control and accounting procedures for safeguarding special nuclear materials and facility security procedures are exempt from disclosure; therefore, Appendix A of your response letter will not be placed in the Public Document Room.

Thank you for informing us of the corrective and preventive actions documented in your letter. These actions will be examined during a subsequent inspection of your licensed program.

Your cooperation with us is appreciated.

Sincerely,

Eldon J. Brunner, Chief  
Reactor Operations and Nuclear  
Support Branch
