Subject: License SNM-1067, Fundamental Nuclear Material Control Plan Amendment Request

Dear Mr. Smith:

This letter requests Nuclear Regulatory Commission approval of an amendment to the Fundamental Nuclear Material Control Plan for the Windsor Nuclear Fuel Manufacturing facility, License SNM-1067.

The purpose of the subject amendment is to incorporate various administrative changes which have been implemented at the facility. Also included are changes to reflect the use of U235 enriched up to 5 wt%. Enclosure I provides a tabulation of affected pages and their respective revision numbers. Enclosure II provides the proposed change pages supporting our amendment request. To facilitate your review, the changes are reflected by a bar on the right hand margin of each affected page. Six (6) copies of the enclosures are included herewith for your use in evaluating our request.

A check (No. 502178) in the amount of \$150.00 to cover the license change application fee is provided in Enclosure III.
