Gentlemen:

Enclosed for your records is NRC Form 591, "Safety Inspection." Please note that no violations were observed by Mr. Wesley L. Holley during the September 12, 1989, initial inspection of your NRC Byproduct Material License 05-26955-01. No response to this letter is necessary.

During the inspection, the NRC inspector discussed with Mr. William Hopper: (1) the safety aspects of your licensed activities and compliance with regulatory requirements, (2) the NRC and DOT requirements, (3) the licensee's commitments made during the licensing process, and (4) the NRC enforcement policy.

If you have any questions concerning this matter, please call me at (817) 860-8100.

Sincerely,
