Gentlemen:

We are in receipt of your letter dated September 6, 1989, addressing the concerns discussed at our August 30, 1989 meeting in Denver. Your responses adequately responded to the open items No. 40-8681/86-01, 40-8681/87-01, and 40-8681/88-001 identified in our inspection report dated September 8, 1989.

We will issue an amendment to your license regarding the construction of Cell 4A upon receipt and review of the following information:

1. Corrected elevations on all the design drawings and calculations.
2. A cross-section through the entire disposal area.

If you have any questions, please contact me or D. L. Jacoby of my staff on (303) 236-2805.

Sincerely,

A handwritten signature in black ink, appearing to read "Ramon E. Hall", written over a faint, illegible typed name.
