Reactor Projects Section 2A
SUBJECT: PEACH BOTTOM SHIFT INSPECTION WATCH LIST

RD

Round the clock shift coverage has been established for Inspection 87-10 at Peach Bottom. Attachment 1 provides the Watch Rotation for this inspection. There will generally be one inspector in the control room at all times. Those inspectors who have not previously been badged at Peach Bottom should plan to arrive at the site approximately one hour before their 1st shift watch for site access processing.

If any conflicts arise in your schedules, please contact either Bob Gallo (Office - 215-337-5225, Home - 215-647-8018) or myself (Office 215-337-5234, Home - 215-458-5388) to resolve the conflict. Thank you for your cooperation in this important effort.

OFFICE OF ENFORCEMENT
NOTIFICATION OF SIGNIFICANT ENFORCEMENT ACTION

Licensee: Philadelphia Electric Company and Certain
License Individuals (EA 88-04 et al)
(Peach Bottom Units 2 and 3)
Docket Nos. 50-277 and 50-278

Subject: ORDER AND NOTICE OF VIOLATION AND PROPOSED
IMPOSITION OF CIVIL PENALTY

This is to inform the Commission that an Order and a Notice of Violation and Proposed Imposition of Civil Penalty in the amount of One Million Two Hundred and Fifty Thousand Dollars (\$1,250,000) will be issued on or about August 11, 1988 to Philadelphia Electric Company. Additionally, Notices of Violation and Proposed Impositions of Civil Penalty or Notices of Violation will be issued today to various licensed and former licensed operators. These actions are based on widespread inattentiveness in the control room that resulted in the March 31, 1987 Shutdown Order. The Commission has approved the staff's issuance of these actions which were contained in SECY-88-201.

Note: A press release is not expected to be issued until about noon on August 11, 1988 to provide time to notify the individual licensed operators in advance of the media. This action should not be publicly disclosed until the press release has, in fact, been issued.

The states of Pennsylvania and Maryland will be notified.

The licensees have thirty days from the date of the Notices in which to respond. Following NRC evaluation of the responses, the civil penalties may be remitted, mitigated, or imposed by Order. In the case of the Order, the facility licensee has thirty days from the date of the Order to request a hearing.
