Dear Mr. Battin:

This refers to a telephone contact with you on September 21, 1989.

The contact was an examination of activities conducted under your license as they relate to radiation safety and to compliance with the Commission's rules and regulations and with the conditions of your license.

No regulatory concerns were identified.

Should you decide to terminate your license, the byproduct material in your possession must be transferred to individual(s) authorized to receive the material and an NRC Form 314 completed and forwarded to this office along with a request for license termination. As requested, enclosed is a list of waste disposal vendors and an NRC Form 314.

If you have any questions regarding this inquiry, you may contact us at (312) 790-5500.

Sincerely,

Don Sreniawski, Chief
