Dear Mr. Lewis:

This is in reference to the telephone discussion between you and Mr. Charles Cain of my staff on October 11, 1989. During this discussion you indicated that notwithstanding the statements in your letter dated September 17, 1989, you do admit to the violation identified in the NRC Notice of Violation dated July 12, 1989. That violation related to a failure to verify transferee licensure prior to transfer of a portable gauge. During the discussion you also provided a further description of current controls in place to prevent recurrence of this incident.

If the above does not properly characterize this discussion, please contact the undersigned.

Sincerely,
