Gentlemen,

In accordance with 10CFR50.54(p), Louisiana Power & Light Company hereby submits the original and three copies of Safeguards Contingency Plan, Revision 5. Attached is a list containing a description of changes to the Waterford 3 Contingency Plan. As a result of LP&L's evaluation of NRC Generic Letter 89-07, the Land Vehicle Bomb Threat has been added to this revision of the plan. None of these changes decrease the safeguards effectiveness of the Safeguards Contingency Plan.

The attachment contains Safeguards Information as defined by 10CFR Part 73.21 and its disclosure to unauthorized individuals is prohibited by Section 147 of the Atomic Energy Act of 1954, as amended. We kindly request that it be withheld from public disclosure.

If there are any questions on this matter, please contact A.D. Haase, Superintendent-Nuclear Security at (504) 464-3171.

Very truly yours,
