Gentlemen:

This refers to the routine, unannounced radiation safety inspection conducted by Ms. L. L. Kasner and Mr. S. Rajendran of this office on September 21 and 22, 1989, of activities authorized by NRC Byproduct Material License 42-00090-03. Enclosed for your records is NRC Inspection Report 30-06388/89-07 which documents this inspection.

The inspection was an examination of the activities conducted under the license as they relate to radiation safety and to compliance with the Commission's rules and regulations, and the conditions of the license. The inspection consisted of examinations of procedures and representative records, interviews of personnel, and observation of well logging activities by the inspectors. Please note that no violations were observed during the inspection.

No response to this letter is required. If you have any questions regarding this matter, please call me at (817)860-8100.

Sincerely,
