Gentlemen:

Subject: Inquiry No. 89-001

This refers to a telephone inquiry between you and Steven Courtemanche of this office on October 11, 1989. This inquiry concerned activities authorized by License No. 29-00651-04 as they relate to the proper procedure for terminating a license.

From this discussion, it is our understanding that you intend to terminate your license once licensed material has been transferred to the manufacturer. Enclosed is a Certificate of Disposition of Materials (Form NRC-314) for your use. After you have transferred the licensed material, please send a letter to the Region I Office at 475 Allendale Road, King of Prussia, Pennsylvania 19406. This letter should include a completed Certificate along with a copy of the last leak test of the sealed source and the bill of lading. If our understanding is incorrect, please inform us in writing.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter will be placed in the Public Document Room. No reply to this letter is required. Should you have any questions concerning this inquiry, we will be pleased to discuss them with you.

Your cooperation with us is appreciated.

Sincerely,
