SUBJECT: DIFFERING PROFESSIONAL VIEW (DPV) OF ROBERT LICCIARDO
DATED MAY 11, 1989

On August 31, 1989, the DPV Standing Review Panel provided a report to Dr. Murley on the subject matter. On September 13, 1989, Dr. Murley provided the enclosed memorandum regarding the disposition of Mr. Licciardo's concerns. In that memorandum Dr. Murley stated that the following action should be taken:

"The staff should ensure that pressure and temperature effects during a LOCA are considered in the review of new and advanced fuel designs. (Action--Reactor Systems Branch)"

By copy of this memorandum you are requested to take appropriate action regarding this matter.

A complete file of this DPV is maintained by the Chief, Planning, Program and Management Support Branch, PMAS. ✓
