Mr. Lando Zech
Chairman
Nuclear Regulatory Commission
1717 H St. N.W.
Washington, D.C. 20555

Dear Mr. Zech,

Recently a constituent contacted my office to inquire about the way in which nuclear waste is handled in Connecticut. His call was prompted by a television report featuring Ralph Nader which criticized the treatment of nuclear waste in our state.

I would appreciate any information your office can provide on this subject. Please forward the material to my Waterbury district office.

Thank you for your cooperation.

Sincerely,

JOHN G. ROWLAND
Member of Congress
