

FEDERAL ENERGY REGULATORY COMMISSION
WASHINGTON, D. C. 20436

October 12, 1989

Mr. John C. Bradburne
Congressional Affairs Director
Nuclear Regulatory Commission
1717 H Street, N.W.
Washington, D.C. 20555

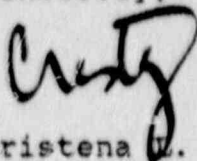

Dear Mr. Bradburne: *John*

Enclosed is a copy of my letter to Representative Bob Whittaker, who wrote to the Federal Energy Regulatory Commission concerning the decommissioning of nuclear power plants.

Since the Nuclear Regulatory Commission has responsibility for this matter, I am forwarding the attached letter to you for further response.

Thank you in advance for your assistance.

Sincerely,

Cristena W. Each
Director
Congressional Affairs

ENERGY & COMMERCE
COMMITTEE

Ms. Christina Bach
Director of Congressional Affairs
Federal Energy Regulatory Commission
825 North Capitol Street, NE, Room 9204
Washington, D.C. 20426

Dear Ms. Bach:

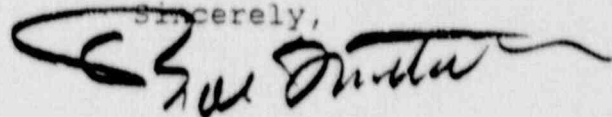

I recently was contacted by a constituent, Mr. David Hosman of Pittsburg, Kansas, regarding information he would like from the Federal Energy Regulatory Commission.

Mr. Hosman would like to know how many nuclear power plants have been decommissioned in the last five years. Additionally he would like to know how many nuclear power plants have requested and been granted an extension on required decommissioning and continue to operate. He would also like a list identifying the plants in both categories.

I would appreciate your assistance in providing this information if at all possible. Your response, in a letter addressed to me at my Washington office that I might share with Mr. Hosman, would be most helpful. (In reply, please reference my file number: 651-88-MM.)

My staff assistant who is familiar with this matter is Mary Meriwether. Should you have any questions regarding this matter, please feel free to contact her at 316-232-2320 or FTS 751-2936.

Sincerely,

Bob Whittaker
